

# A GUIDE FOR GROWTH GIVING

The purpose of this chart is to help you reflect on giving. The first thing we want to say is “Thank you for what you have already given!”  
Take a look at where you are now. Then pray about how God is leading you to respond for the coming year.

1. Prayerfully consider moving toward the tithe (10%) or beyond. You can decide whether you base the tithe on your gross pay or your take home pay.
2. Our congregation set a target of 4% of household income as an intermediate goal for all who are below the tithing level. Even if you are not ready to move to the tithing or 4% level yet, consider increasing your giving by one percent!
